Part 3
Read the text and answer questions 21-30

Questions 21–26

Choose the correct letter, **A, B or C**.

21 Why did Gwen and Felix decide to do a project on refill points?

- They had seen a campaign about plastic bottles.
- They had been unable to find water on a hot day.
- They had found that only three buildings on campus had fountains.

22 What did the students find out about the university's online map of fountains?

- It was hard to find on the website.
- It showed some fountains that did not exist.
- It failed to show some of the fountains.

23 How did the students collect their information?

- by visiting all the buildings within a single week
- by asking staff to check their own buildings
- by checking the buildings over a period of several weeks

24 What surprised the students most about the fountains?

- how many buildings had no fountain at all
- how many of them were easy to overlook
- how many more of them were broken than expected

25 What do the students agree to recommend to the university?

- helping people find the fountains that are already there
- installing extra fountains in busy buildings
- selling cheap reusable bottles on campus

26 What does Felix want to do first?

- sort out the photographs for the appendix
- reread what they wrote down on day one
- agree on a design for the recording sheet

Questions 27–30

What comment do the students make about the fountain in each of the following buildings?

Choose the correct answer and move it into the gap.

Library	27
Sports Centre	28
Science Building	29
Arts Building	30
